

# ANDREW M. LACAMBRA

Tebuel, Manaoag, Pangasinan · 09489750074  
[alacambradev@gmail.com](mailto:alacambradev@gmail.com)

To be able to work in a stable and competitive institution that provides career advancement in which I could be a contributing factor to its continuing growth and success.

## SKILLS

- Languages: JavaScript, PHP
- Web Design: HTML, CSS, BOOTSTRAP
- Frameworks: CodeIgniter, Laravel
- Database: MySQL
- Code Versioning: GitHub
- Others: Ajax, OOP, Database Design, ORM
- Operating Systems: Windows, Kali Linux
- Cybersecurity: Digital Forensic, CTF's tryhackme, picoctf, etc.

## EDUCATION

AUGUST 2019 – JULY 2024

**B.S. INFORMATION TECHNOLOGY, URDANETA CITY UNIVERSITY**

## TRAININGS

**INTERN, VILLAGE 88, FEBRUARY 2024 – APRIL 2024**

- Finished 211+ required assignments, 2 exams, and 1 capstone.
- 12 weeks of intensive and rigorous training to be equipped with industry level knowledge for Full Stack Web Development.

## WORK EXPERIENCE

January 2021 – September 2023

### FREELANCE PROGRAMMER

- Developed and executed intricate thesis programs and final projects for students, including a custom web application with complex algorithmic features to simulate real-world scenarios. This project required extensive testing and refinement to achieve optimal performance, and I provided comprehensive post-development support throughout the process.
- I was able to teach myself how to build web-based and standalone programs from scratch, as well as modify and add to existing equipment code to meet my clients' needs.
- Freelance programming also enabled me to become acquainted with a variety of programming languages and databases, as well as grasp their syntax in order to meet a product's system requirements.
- Working alone gave me perseverance, dedication, time management skills, and the capacity to finish things without direct supervision.

## AWARDS

- Proficient in Web Fundamentals (Village 88, February 2024) - Top 6 to finish the exam by cloning the landing page of "Abenson.com" using pure HTML and CSS in less than 4 hours.
- Proficient in Advanced PHP (Village 88, March 2024) - Top 21 to finish the exam in coding both the front-end and back-end of a given wireframe using HTML, CSS, JS, JQUERY, AJAX, CODEIGNITER and MYSQL in less than 8 hours.

## COMPETITIONS

- **PICOCTF 2024** | 837<sup>th</sup> place out of over 6957 teams - | [LINK](#)
- **UTCTF** | 288<sup>th</sup> place out of over 854 teams. - | [LINK](#)
- **BSidesSF 2024 CTF** | 152<sup>nd</sup> place out of over 583 teams. - | [LINK](#)
- **DEF CON CTF Qualifier 2024** | 202<sup>nd</sup> place out of over 263 teams. - | [LINK](#)

## CERTIFICATION

- EC-Council - Ethical Hacking Essentials - E|HE - | [LINK](#)
- EC-Council - Digital Forensic Essentials - D |FE - | [LINK](#)
- EC-Council - Network Defense Essentials - N|DE - | [LINK](#)
- Cisco Networking Academy - Ethical Hacker - | [LINK](#)
- Village 88 - Proficient in Web Fundamentals - | [LINK](#)
- Village 88 – Proficient in Advance PHP - | [LINK](#)

## PROJECTS

- **E-Commerce App** - coded the front-end and back-end using HTML, CSS, JS, JQUERY, AJAX, PHP, CODEIGNITER, MYSQL within 7 days. Features contain user dashboard and admin dashboard. Has pages catalog, product details, cart, order submission, order details, and payment using STRIPE API and can perform CRUD on depending on role.
